Dear News Editor/Journalist

PIKITUP APPEALS TO RESIDENTS TO SANITIZE THEIR BIN LIDS BEFORE COLLECTION

Pikitup, the waste management entity of the City of Johannesburg continues to render waste collection services during the lockdown period and appeals to residents to take a precautionary measure of sanitizing their bin lids.

Despite Pikitup employees being provided with protective clothing during this period, the call is made to residents to practice extra caution when handling their 240L bins to ensure that we protect one another. We also wish to reiterate that waste plastic bags should be tied at all times.

Residents are also reminded that Pikitup's garden sites which are located in all the seven regions of the City are operational. Residents are advised to use these facilities to dispose off their excess waste and recyclable. To locate a garden site please visit www.pikitup.co.za or call the nearest Pikitup depot.
